Positioning

WHEN SUBSTANCE INFLUENCES FORM

FORMES is an active player in conversations with members of the various design disciplines, as well as an influencer when it comes to improving exemplary practices and implementing well-considered and sustainable approaches. Since the magazine's founding in 2004, **FORMES** has been pushing the frontiers of information, exploring the worlds of the built environment and land use at home and abroad. An independent, innovative publication, it highlights exemplary practices in the fields of architecture, territory (land use), objects, materials and environment.

The magazine stands out for the depth of its content and its ability to unpack trends. **FORMES** engages readers. Its contributors, both local and foreign, come from multiple backgrounds: advanced research, teaching, centres of excellence, and professional associations. The result is a multidisciplinary, multisectoral product with an intersection of skills that help forge promising links between research, action, training, and dissemination of knowledge.

Its mission: to inform via newsworthy topics, debate industry issues and challenges, advise on techniques and products, identify trends, and spark conversation.

Readership

OUR 40,000 READERS' BUYING POWER

The great advantage of a magazine with content like **FORMES** is that it delivers excellent visibility with a multidisciplinary, interprofessional readership.

\$46.2 BILLION*

*These capital investments in construction in Quebec represent 12% of GDP. Construction is a lever of economic growth.

Breakdown of readership

DISTRIBUTION

12,500
copies

6,000
The only French-language multidisciplinary publication in Canada, *FORMES* is aimed at the full spectrum of professionals and designers active in object design, building construction and land-use planning.

1,555
Architects

1,090
Landscape architects

530
Interior designers

250
Graphic designers

390
Industrial designers

610
Engineers/Technologists

1,575
Urban planners

FORMES is distributed to members of the following professional groupings, among others:
Association des architectes en pratique privée du Québec (AAPPO),
Association des architectes paysagistes du Québec (AAPQ),
Association des designers industriels du Québec (ADIQ),
Association professionnelle des designers d'intérieur du Québec (APDIQ),
Ordre des urbanistes du Québec (OUQ),
Société des designers graphiques du Québec (SDGO)

990

Manufacturers, wholesalers and service companies

FORMES distribution targets building-material manufacturers and distributors as well as service companies.

155

Property managers

The magazine also reaches the largest associations of property managers and owners.

130

Media and communications

1,290

Municipalities and MRCs (regional county municipalities)

Distributed to the general management, urban planning, public works, and permit departments of Quebec municipalities, *FORMES* is also of great interest to city managers.

455

Public and para-public government organizations, lawmakers

FORMES also reaches the machinery of government, that is, public and para-public organizations, including Canada Mortgage and Housing Corporation, the Régie du bâtiment du Québec, the Institute for Research in Construction, the Commission de la construction du Québec, the Société québécoise des infrastructures, the Société d'habitation du Québec, as well as lawmakers.

140

Educational institutions

FORMES is also distributed to the major educational institutions, including schools of architecture, engineering and design.

2,830

General and trade contractors

The construction industry isn't neglected: the magazine is distributed to the most active general and specialized contractors, i.e., those with more than 70% of hours worked in the residential, industrial, commercial, and institutional sectors.

210

Other organizations

FORMES is also read by members of construction industry associations and public and private research and promotion organizations involved in building management, land-use planning, and other related areas of activity.

Editorial framework

FORMES OBSERVES THE INDUSTRY VIA FIVE KEY AREAS

A

Architecture

T

Territory

O

Object

M

Materials

E

Environment

The magazine studies the industry in light of the five elements comprising our *ATOM(E)*: Architecture, Territory, Object, Materials, Environment. They encompass all of the sectors and professions involved in the design, construction and management of objects, buildings and land-use planning.

Editorial framework¹

FORMES OBSERVES THE INDUSTRY VIA FIVE KEY AREAS

Our subjects <i>ATOME</i>	January	February	April	June	August	October	December
Architecture	Special Issue Architecture and Territory The Francophonie Awards for Sustainable Development	Architecture and PPPs: Overall results	Creativity in architecture: Design vs. technique	Toward an architecture policy?	Heritage	Architecture and culture	Architecture and materials
Territory		Public art and mobility	Damaged lands: Case studies	Transport	Sustainable cities	Smart city?	Space regeneration
Object		Object design: fashion or trend?	A design month?	Green design	Habitat Design Awards	Street furniture	Wayfinding
Materials		Education	Building envelope: Trends – Performance – Sustainability	Aluminum and wood: The challenges	Structural elements and mixed building systems	Construction and technologies: In catch-up mode	Green materials
Environment		The challenge of water	Construction waste	Certifications	Energy transition	Climate change: Anti-hurricane and anti-earthquake construction	Rethinking schools
FORMES lecture series²		Judging differently	Public art	CEBQ symposium	Certifications: myths and reality	Heritage architectures and territories	Batimatech conference

¹ For other content, visit formes.ca and watch for our upcoming communications.

² Alongside the magazine's main editorial features, FORMES offers opportunities for exchange and debate. Further events will be announced. Keep a close eye on the lectures calendar at formes.ca.

The publisher reserves the right to modify and add to editorial content.
